## Executive Summary

### Introduction

The Money Pit's 2010 "Green Trends" Home Improvement Media Tour was a national public relations outreach program designed to reach up to 20 million consumers during television newscasts and morning and evening drive-time radio. Nationally syndicated home improvement radio host Tom Kraeutler of The Money Pit Home Improvement Radio Show served as spokespeople for the tour.

### AUDIENCE SUMMARY

Satellite Media Tour	7,901,000
Audio News Release	12,280,800
Radio Media Tour	5,528,000
Money Pit Radio Show	3,100,000
<b>Total Media Tour Audience</b>	<b>28,809,800</b>

### Advertising Equivalency

Vehicle	Audience	Ad Equivalency
Satellite Media Tour	7,901,000	\$30,769**
Audio News Release	12,280,800	\$60,689***
Radio Media Tour	5,528,000	\$12,103 ***
Money Pit Broadcast	3,100,000	\$7,500 *
<b>Total</b>	<b>28,809,800</b>	<b>\$106,882</b>

\* Based on open market spot rates

\*\* Based on conservative average CPM calculations for participating affiliates

\*\*\* Based on industry standard CPM averages for radio, consolidated day parts

## *Methodology*

The tour leveraged multiple public relation vehicles to deliver comprehensive messaging on partner products as follows:

**Satellite Media Tour (SMT)**– Utilizing media interest in “Green” trends as a newsworthy event, a Satellite Media Tour featuring Tom Kraeutler was promoted and executed on behalf of the tour partners.

**Audio News Release (ANR)**- 60-second audio news release designed to promote the partner’s products was produced and voiced by Leslie Segrete. The release was promoted to every major radio entity in the US.

**Radio Media Tour (RMT)** – A Radio Media Tour was hosted by Tom Kraeutler. During the tour, Tom promoted all partner products to individual and network radio station audiences during live and taped one-on-one interviews.

**The Money Pit Radio Show** - A segment featuring each partner product aired during national broadcasts of The Money Pit Home Improvement Radio Show on July, 2010.

**National Press Release** - A press release featuring all partner products with commentary from Tom and Leslie was distributed news outlets throughout the United States on July 29<sup>th</sup>, 2010.

**Product Spotlights** – Individual video demonstrations of each product hosted by Tom Kraeutler were produced on the morning of the SMT.

**News Infusion** – A generic interview with Tom Kraeutler was hosted on [www.NewsInfusion.com](http://www.NewsInfusion.com).

## *AUDIO NEWS RELEASE SUMMARY*

The distribution package, AudioLine satellite, Lifestyle placements, and network airings, was released on July 16, 2010.

AudioLine is NBN's proprietary feed on nine national radio networks and the Internet news channels of AOL's Digital City. The networks include AP Radio Network, Westwood One (CBS Radio News, Fox Radio, Market Watch, Metro Networks, NBC Radio, CNN Radio), USA Radio Network and Business Talk Radio Network. Our feeds on the AP and Westwood One networks have been in existence as regularly scheduled news feeds on those networks' main news channels since 1981.

**RELEASE DATE: July 16, 2010**

AP/Westwood One satellite broadcasts.....	216
Audience.....	1,179,000
Lifestyle broadcasts.....	348
Audience.....	1,829,000
USA & BTRN Radio Network broadcasts.....	287
Audience.....	2,132,000
Radio America Broadcasts.....	1
Audience.....	7,140,800

**Total: 12,280,800**

## *Radio Media Tour Summary*

### **Notification**

---

Radio stations and regional and national networks were notified by fax, phone and/or e-mail regarding the Green Trends in Home Improvement interview opportunity.

### **Distribution**

---

The radio media tour was conducted on live via conference call on July 15, 2010, with interviews representing national networks and radio stations.

### **Monitoring**

---

Follow-up tracking was performed through telephone, fax and or e-mail contact by News Broadcast Network to the interviewers participating in the radio media tours.

### **Results**

---

As of August, 2010, the radio media tour resulted in a total of 13 broadcasts with a total audience of 5,528,000.

## **A Green Summer at Home**

### **Add Value and Style With Sustainable Solutions**

NEW YORK, NY--(Marketwire - July 29, 2010) - At the height of the summer home improvement season, green solutions remain the best investments for project success. "Choose sustainable, efficient products during this DIY season and you'll reap the benefits of energy savings, performance and style year-round," says Tom Kraeutler, home improvement expert and syndicated radio show host of The Money Pit. Kraeutler and co-host Leslie Segrete suggest the following green solutions for summer projects.

#### **High-efficiency AC**

"It's been a super-hot summer so far, and that means we're all spending a lot on cooling our homes," says Kraeutler. "Installing an energy-efficient air conditioner can provide much-needed relief from rising utility bills and energy costs." The Trane XL20i is one of the best and most efficient air conditioning systems on the market, with a Seasonal Energy Efficiency Ratio (SEER) of up to 20.0 -- well above the minimum of 13 set by the Department of Energy. That means up to 60 percent less energy use for a typical household, and the Trane XL20i's built-in technology ensures proper airflow for a comfortable, dependable cool. You may also earn a valuable energy tax credit with your system purchase. Go to [www.Trane.com](http://www.Trane.com) to find a local Trane dealer.

#### **Sustainable, stylish performance for the kitchen**

"Saving water is really critical right now, and it's nice to be able to do that without sacrificing performance or style," notes Segrete. "Moen's Lindley Eco-Performance Pull-Down Kitchen Faucet is a great choice, offering a traditional look with the latest in water-saving design." The Lindley delivers 32 percent water savings with its standard 1.5 gpm flow, and the pull-down wand allows the user to switch between an aerated spray, standard stream and a 2.2 gpm fast-fill stream. The Lindley Eco-Performance Kitchen Faucet is available in LifeShine Classic Stainless and Mediterranean Bronze finishes at The Home Depot. For more details, visit [www.Moen.com](http://www.Moen.com).

#### **VOC-free care for hardwood floors**

"A lot of cleaning products have suddenly been 'going green' lately, but Trewax Hardwood Floor Cleaner has been green since it hit the market 75 years ago," says Kraeutler. Trewax is an all-natural, safe, VOC-free cleaner for natural hardwood and laminate floors, and also works on cabinets and furniture. Biodegradable, non-toxic and free of petroleum distillates, Trewax can be found at hardware stores and home improvement retailers nationwide. Details at [www.trewax.com](http://www.trewax.com).

#### **A greener roofscape**

"The roof takes more of a beating than just about any other part of your home, so being green means choosing a roofing product that's both sustainable and long-lasting," advises Segrete. DaVinci Roofscapes offers such roofing solutions, with synthetic tiles made from 100 percent virgin resins. DaVinci roof tiles come in a variety of slate and shake styles and withstand all types of severe weather, are fire-resistant and completely recyclable. Plus, selecting DaVinci synthetic tiles saves trees and cuts the carbon footprint left by the labor and fuel used to harvest natural slate. DaVinci roof tiles are available nationwide; visit [www.DaVinciRoofscapes.com](http://www.DaVinciRoofscapes.com) for more information.
